

## Experience

Freelance Designer/  
Thumbtack Pro  
06.2017-Present

### **C.LOVE2DESIGN, LLC / Thumbtack, Inc.**

- Built and grew a successful freelance illustration and graphic design business through Thumbtack by delivering high-quality creative services and exceptional customer satisfaction.
- Designed and produced custom illustrations, children's books, logos, murals, book covers, caricatures, and marketing materials for authors, businesses, and private clients.
- Managed all aspects of client relationships, including consultations, project planning, pricing, invoicing, and on-time project delivery.
- Maintained a professional online portfolio using Wix and promoted services through digital marketing and online platforms.
- Established long-term client relationships through clear communication, professionalism, and consistently high-quality work.

Vehicle Wrap Designer  
03.2017-06.2017

### **Absolute Perfection, Sykesville, MD**

- Designed custom vehicle wraps for businesses using Adobe Illustrator and Photoshop.
- Prepared production-ready files, including paneling layouts and cut lettering setup for installation.
- Took accurate vehicle measurements to create precise design templates.
- Managed multiple design projects simultaneously while meeting deadlines and production requirements.
- Communicated design progress clearly with clients and internal team members to ensure project alignment.
- Maintained an organized and efficient workspace to support smooth production workflow.

Graphic Designer/  
Illustrator  
07.2015-03.2017

### **Panther Trading Company, Inc. Baltimore, MD**

- Illustrated and developed design mockups for new products and packaging concepts.
- Created detailed prototype illustrations with dimensions for manufacturing coordination with international suppliers.
- Designed marketing and promotional materials including trade show banners, posters, Face book ads, logos, and order forms.
- Supported trade show operations, including booth setup and teardown for the ASD Show in Las Vegas.
- Developed and executed email marketing campaigns using Constant Contact to promote new products to customers.
- Photographed products for use on the company website and marketing materials.  
Produced laser-engraved vector designs on knives, blades, and specialty products.
- Entered customer orders into QuickBooks and maintained organized records of item numbers and design files.

Digital Drafter/ Illustrator  
09.2010-07.2015

### **Patents Ink, Inc. Baltimore, MD**

- Illustrated and edited patent drawings for attorneys, inventors, companies, and law firms in compliance with U.S. Patent and Trademark Office requirements.
- Created detailed technical illustrations including exploded views, perspective views, schematic diagrams, mechanical diagrams, and flow charts.
- Developed utility drawings, microphotographs, graphs, DNA sequencing visuals, and computer screen illustrations for patent documentation.
- Converted artwork files into Visio formats and ensured technical accuracy and consistency across all submissions.
- Collaborated with clients to translate complex concepts into clear, precise visual representations suitable for patent filings.
